

UNIFI is the essential cloud platform to create and manage digital building content for leading architectural, engineering, construction and manufacturer organizations.

Don't take our word for it, hear what UNIFI customers have to say...

Easy to Use

Simple and intuitive, UNIFI is a breeze to use.

"It's the best solution I have seen and I recommend it to anyone who wants/needs a content management system as I think this is personally the best solution on the market today."

– Hassell

"UNIFI is easy to use, powerful, continuously improved, and great for BIM users and managers alike."

– What Revit Wants

"It's been a perfect partnership, resulting in a tool that is everything we expected it to be."

– MulvannyG2 Architecture

Centralized Access & Control

Imagine a single source of content for your organization. It's a reality with UNIFI.

"It has really helped us to centralize content as well as make it easier for the end user to find the information they need, faster."

– MulvannyG2 Architecture

"Easy to set up and deploy, this tool gives me the ability to better control the quality of my BIM models and at the same time provides a path to create new content and edit existing content. It makes it easier and quicker for users to find what they are looking for and be assured that they are using approved content. Thanks UNIFI!"

– Inventrix

"UNIFI is the bridge, allowing all of our staff, offices, consultants and clients access to critical content. With UNIFI, we have a way to contain content as a single point of truth."

– IA / Interior Architects

Productivity, Workflow & Efficiency

Our customers refer to UNIFI as a headache saver – we take the stress out of searches and allow users to focus on doing what they do best, design and creation.

"UNIFI works seamlessly with Revit and we've seen a 10x productivity increase due to workflow efficiencies. We travel often, and UNIFI allows us access to our content anywhere...literally amazing how easy it's making our lives."

– Harvey's Plumbing

"Not only is this a great content library manager, it is shaping up to be a fantastic BIM analytics engine. I find this to be the best way to manage Revit content, period."

– NBBJ

"It was a really easy return on investment case. I could prove a search efficiency pretty much at a per-user cost. Before, it could take three minutes to search for an item. Now it takes five seconds."

– SSOE

"UNIFI slotted seamlessly into our workflow. Library management is simple; analytics allow us to track content use and fix issues quickly. Our staff love it."

– Jasmx

Support Culture

Our customers can always count on UNIFI to be there.

"I foremost have to congratulate you on your support culture. Second to none."

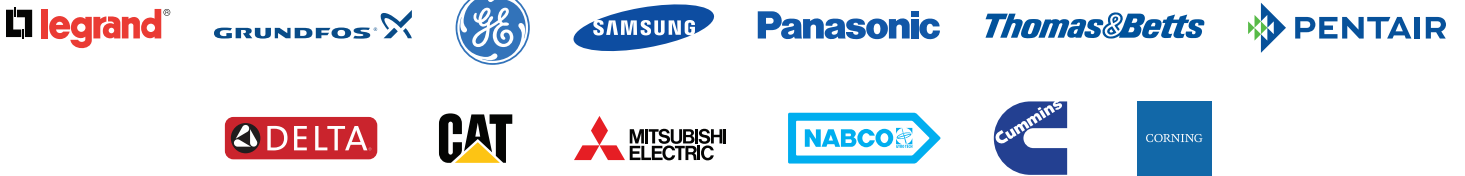

– Hassell

"Compliments to your incredibly efficient support team – yet again."

– Jasmx

UNIFI CUSTOMER TESTIMONIALS

You may ask, “I know UNIFI has a world-class content management solution, but how does their content creation capability stack up?” Our Building Product Manufacturers (BPMs) customers have strong opinions on that, too...

“UNIFI took the time to learn about our products, listen to how our customers use the products and then leveraged their knowledge of building design and Revit tools to effectively integrate manufacturer content that better aligns with user needs.”
– Legrand

“UNIFI worked closely with us to create a Revit content library that was catered to the needs of our target market.”
– Britex

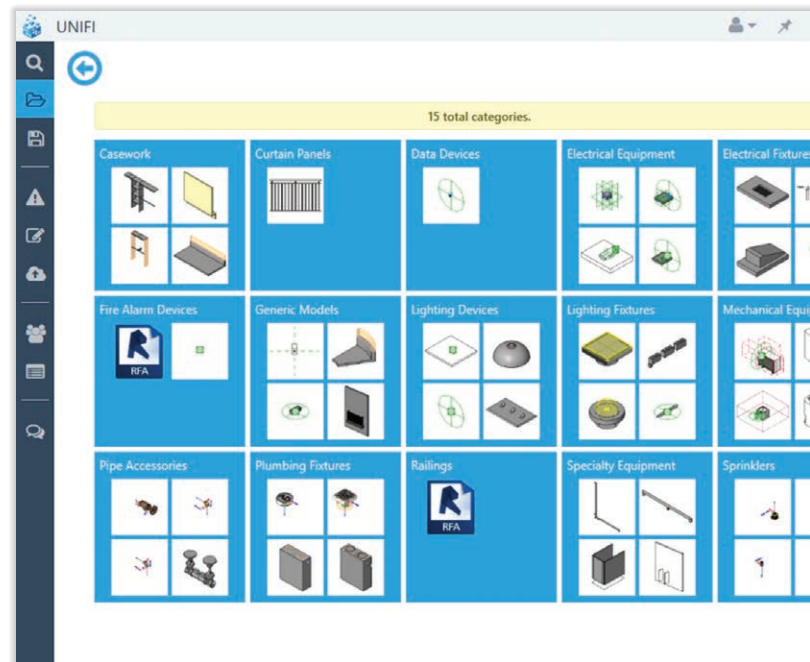

“By having BIM content freely available for our products... designers are able to document our products faster and more accurately, meaning we are specified more often.”
– METLAM Australia

“UNIFI was able to accurately recreate our products in Revit, reflecting the aesthetic and engineering qualities of our products, incorporating an appropriate balance of LOD and file size requirements.”
– Wilkhahn

“Our models not only fit the customer’s needs, they help us to create long lasting relationships across our diverse brands.”
– Legrand

“Very few companies have been able to achieve such a quality library of components that I can drop into a model with complete confidence.”
– BVN

“UNIFI was able to produce a well thought out and costed scope of works with clear milestones and timelines.”
– Dulux

ABOUT UNIFI:

UNIFI is the single source cloud platform to control, manage, analyze and create digital building content. **UNIFI Content Management** supports all file formats – Revit, Bentley, SketchUp, AutoCAD, jpg, xls, doc – enabling any file to be stored, accessed and managed on UNIFI. Trusted, high quality manufacturer content hosted on **UNIFI Connect** easily integrates into the existing libraries and models of designers and specifiers. **UNIFI Insights** provides actionable analytics to maximize the investment in digital content. The **UNIFI Create** team utilizes a unique blend of industry knowledge and proven expertise to create the highest quality BIM assets. Learn why leading architectural, engineering, construction and manufacturing organizations trust UNIFI as the complete solution for their digital content needs at www.unifilabs.com or contact us at **702.527.6460**
